The Netherlands

THE NETHERLANDS IS A COUNTRY FULL OF WELCOME SURPRISES.

Windmills from centuries past, artistic masterpieces, tulip fields, a love of cheese, romantic candlelit cafés, visionary architecture and phenomenal nightlife. The Netherlands is defined by its relationship with water and features an ingenious system of dykes and flood defences.

The beautiful cities have picturesque waterways, dykes and canals, charming countryside full of polders and windmills and an expansive coastline with islands and tidal flats.

Essential information

City view

Tips when visiting Amsterdam

- Shops in the centre usually open every day from 9:00 am – 8:00 pm.
- The standard voltage is 220v and the power plug is type F with 2 round pins.
- Tap water is known for its high quality and is perfectly safe to drink.
- Mild winters and cool summers, rain is common throughout the year. September and October are the best months to visit with average temperatures around 18°C / 64 F.
- EU nationals can stay for up to 90 days for certain purposes. A valid passport or visa may be required at border control for some nationalities.

Mobility

Public transport

Bus: Extensive bus network connects all neighbourhoods and is ideal for visiting top attractions.

Metro: Fast and efficient with 5 lines radiating out from the city centre.

Express Bus to the Airport: Line 397 offers direct transfers from Schiphol Airport to the city centre. And the N97 Niteliner covers this route at night.

Trams: Operate from 6:00 am to midnight with frequent service every 8-10 minutes.

Transport rental

Driving around: Not recommended as city centre streets are narrow.

Parking: Paid parking is enforced in most areas via app or directly at machines.

Renting Bikes: Most common 1 day rental starts around €8-10.

Car Sharing: Shared cars with or without fixed parking space, and free-floating cars can be parked anywhere.

Private driver

Taxis: Taxi fares are metered starting around €3.60 and can be hailed or at stands.

Private Transport: City highlights, panoramic tours and pick-up & drop-off services available.

Health

EU citizens can access medical care but we advise you apply for a European Health Insurance Card.

112 is the emergency services (ambulance, fire and rescue) free-phone 24/7 across the EU and covers 80 languages.

Healthcare centres provide primary care while specialist services are available in hospitals. Medicines must be bought in pharmacies displaying the illuminated green cross. Antibiotics are sold on prescription only.

Amsterdam offers many beautiful parks, each with its own charm and history. At Vondelpark, the city's largest and most popular, you can grab some fresh air in the heart of the city. Amstelpark has a tiny train, mini golf and zoo with lots of nice places to visit.

Scaling up our events in a sustainable way

AS PART OF OUR UP FOR PLANET & PEOPLE SUSTAINABILITY STRATEGY.

It's more important than ever to do the right thing for the destinations and their local communities. Our commitment is framed within the Up for Planet & People sustainability strategy in Europe & Americas, and we work to ensure that every event or meeting held at our hotels has the greatest positive impact on the planet and people. **How do we do this?**

Up for
Planet & People

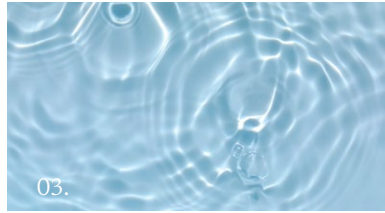

Sustainable Certifications

Minor Europe & America's hotel portfolio is certified, both in environmental impact assessment of the construction and operation of its buildings, as well as in energy efficiency systems for accommodation, services, meetings and events. These include BREEAM, LEED, DGNB, ISO 14001, Green Key, Hoteles Más Verdes, Biosphere and Bioscore.

Responsible Energy Management

We promote an efficient energy management system, defined under ISO 50001 criteria, and prioritise the use of green electricity from renewable sources in all our hotels. 85% of the company's electricity comes from renewable energy sources.

Responsible Water Management

We have implemented water-saving measures such as installing reduction devices in cisterns and innovative water recovery systems. Additionally, we support employee training and awareness initiatives, as well as the redesign of the kitchen and housekeeping operational guidelines to further promote sustainability efforts.

Reducing Single-Use Plastic

We strive to minimise the use of paper and single-use plastics, replacing them with reusable or biodegradable alternatives, when possible, to reduce waste. You'll find returnable glass bottles, biodegradable candy wrappers and pens, which are made from recycled material, in our meeting rooms. Our amenities are single-use plastic free and Eco-Label certified.

Paperless Processes & Sustainable Forest Management

We've digitised both our online check-in and check-out processes, reducing our use of paper. We also use technology to reduce the amount of notebooks we need in our meeting rooms, and we always prioritise the purchase of FSC-certified paper.

Scaling up our events in a sustainable way

AS PART OF OUR UP FOR PLANET & PEOPLE SUSTAINABILITY STRATEGY.

Up for
Planet & People

Local Gastronomy & Healthy Food

We've introducing guests to local gastronomy by providing meals based on km. 0 and seasonal products, ensuring we create a positive impact in our value chain. Healthy food is always available throughout the event.

Food Waste

The food amount is adapted to the needs of the event to avoid waste, and at most of our hotels, leftovers are carefully collected for donation to different soap kitchens we collaborate with.

Our partnership with To Good To Go is also key to combat food waste in our hotels. This initiative, currently implemented in Spain, Portugal, the Netherlands, Austria and Germany for breakfast, is being extended to other Group hotels around the world and implemented in event catering.

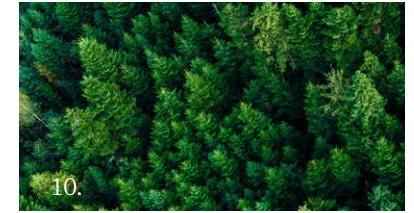

Green Mobility

To contribute to making the cities in which we are located more sustainable, we offer environmentally friendly transportation alternatives such as charging points for electric cars or bicycle rental services, and we encourage the use of public transportation.

Accessible Events

Our hotels are becoming more accessible every day, and so are our events. As a result of our commitment to guest diversity, inclusion and accessibility, most of our hotels already care for special needs. And, we continue to strive to make all of our hotels 100% accessible.

Carbon Footprint

We are committed to reducing carbon emissions for all our events. We calculate and offset the carbon footprint of major hotel events, which, due to attendance, have a greater impact on guests and society.
