Position 5

Barcelona

Barcelona is an enchanting seaside city, world famous for its vibrant nightlife, fabled architecture and colourful history. The Catalan capital is a proudly autonomous region where you can travel back in time as you stroll the streets of the Gothic quarter stopping to sip a cava in one of the many pintxos bars. Museums showcasing artistic greats, panoramic viewing platforms to take in iconic buildings and its gorgeous coastline ensure that dull moments just don't exist here.

Tips when visiting Barcelona

- Shops in the centre usually open every day from 9:00 am – 8:00 pm.
- The standard voltage is 220v and the power plug is type F with 2 round pins.
- The region of Catalonia has two official languages: Spanish and Catalan. In offices and schools, Catalan is the dominant language.
- Summer, from mid-June to August, is hot and sunny with highs of 86°F/30°C, where nights are humid. Spring and autumn are mild with a fair amount of sunny days. Winter, from December to February, is also mild with (on average) only 4 days a year below 32°F/0°C. The best time to visit is spring from April to mid-June, but September is also a good month.
- EU nationals can stay for up to 90 days for certain purposes. A valid passport or visa may be required at border control for some nationalities.

Mobility

Public transport

Mobility around Barcelona and its metropolitan area is easy thanks to its sustainable public transport network.

Bus: A fleet of over 1,000 fully adapted buses serve all areas.

Metro: Metros and trams are quick, convenient and sustainable.

Train: The urban and metropolitan rail network FGC runs more frequently than buses and on some routes you can transfer from one train to another on the same ticket.

Transport rental

Driving around: Driving in Barcelona is exhausting and chaotic, and parking spaces are scarce and expensive.

Parking: We recommend booking your parking space in advance on one of the many parking platforms available.

Renting Bikes: Healthy, clean and silent. Barcelona has an extensive 200km network of cycle lanes and you can cycle through its open spaces and parks.

E-mobility: Renting an e-vehicle is a smart way to sightsee with over 500 charging points.

Shared Motorbikes: Numerous electric motorbikes available via Apps.

Private driver

Taxis: Barcelona has over 10,000 distinctive yellow and black taxis with an increasing number of hybrid and electric vehicles. Taxis are available for rent if the green light (on the roof) is lit. Taxis charge supplements at railway stations and cruise terminals, as well as for carrying special equipment and late-night call-outs.

Private Transport with Driver:

Cabify operates exactly like Uber and is a great option for those who don't want to hail a cab.

Health

EU citizens can access medical care but we advise you to apply for a European Health Insurance Card.

112 is the emergency services (ambulance, fire and rescue) free-phone 24/7 across the EU and covers 80 languages.

Healthcare centres provide primary care while specialist services are available in hospitals. Medicines must be bought in pharmacies displaying the illuminated green cross. Antibiotics are sold on prescription only.

Barcelona has many wonderful and diverse parks with mazes, boating lakes, zoos, fountains and even mammoths. If you're looking to escape the city centre, enjoy a picnic with some friends or just sit and contemplate, Barcelona's green spaces have unique charm. The most famous are the city centre Parc de la Ciutadella which also features the city's zoological gardens, Gaudi's landscaped Park Guell offers spectacular views over the city, and Montjuic with the Olympic Stadium, the MNAC art museum, the Joan Miro museum, the Magic Fountain, the Montjuic Castel and the botanical gardens that overlook the sea.

NH Collection Barcelona Gran Hotel Calderón

Sagrada Família

Art & Culture

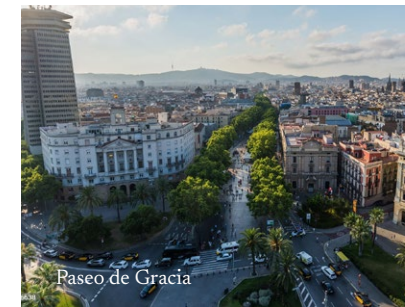

Sagrada Família. Gaudi's iconic masterpiece consists of vast columns forming an astonishing stone forest, the world's largest unfinished Catholic church.

MNAC Museo Nacional de Arte de Cataluña. Constructed in 1929 it features medieval, Romanesque and modern art collections from Tiziano, Velazquez, Gaudi and Casas.

Museo Picasso. Over 4,000 original works show the strong, emotional bond Picasso had with the city, which was key in discovering, developing and shaping his artistic skills.

Fundación Joan Miró. Showcases over 10,000 paintings, drawings, sculptures, stage designs and carpets. From the roof top terrace you can contemplate Miro's colourful sculptures.

Gran Teatro del Liceo. Often referred to as "The Liceu", it blends 19th-century charm with modern architectural flair, and as an opera house it has emerged as the crown jewel of Catalan culture.

Paseo de Gracia

Shopping

Barcelona Shopping Line. Features 5km of the finest shops and boutiques along Barcelona's most prestigious thoroughfares, Diagonal, Paseo de Gracia and the Rambla de Catalunya.

Plaza Catalunya. This bustling square is located in the city's heart. One of the main attractions here is the seven-story El Corte Inglés department store, which offers a wide selection of products ranging from fashion to home decor.

El Raval. Ultra modern museums and cultural centres mix with the bohemian nightlife and sprawling culinary creations of the Mercat de la Boqueria.

Sant Antoni. This market sells all kinds of goods from clothes to home wares, and on Sundays transforms to sell second-hand books and stamps for collectors.

The Gothic Quarter. Narrow streets and hidden corners, where time seems to stand still, and shops like Zara, Mango and Desigual mingle with antique stores.

Mercat de la Boqueria

Food & Drink Culture

Mercat de la Boqueria. A food paradise and the oldest market dating back to 1217. Great for trying some tasty tapas and buying some souvenirs for back home.

Roof top bars: The 360º rooftop takes you back to the 1920's with 1,500 m2 of gardens, statues, fountains and secret corners where you can relax and sip a cocktail. After you can check out the 360º viewpoint and wonder at the city.

Top 3 recommended restaurants
Disfrutar is at the forefront of gastronomic thinking and has just been named one of the world's best restaurants. It creates brilliantly imaginative dishes for the dining experience of a lifetime.
Lasarte by renowned chef Martin Berasategui has 3 Michelin stars and fuses flavours and aromas from his home in the Basque region.
El Caelis is driven by innovation, where pioneering techniques and unusual ingredients create dishes that are works of art. Featuring 3 tasting menus: Land and Sea, Celebration and Vegetarian.

Scaling up our events in a sustainable way

AS PART OF OUR UP FOR PLANET & PEOPLE SUSTAINABILITY STRATEGY.

It's more important than ever to do the right thing for the destinations and their local communities. Our commitment is framed within the Up for Planet & People sustainability strategy in Europe & Americas, and we work to ensure that every event or meeting held at our hotels has the greatest positive impact on the planet and people. **How do we do this?**

Up for
Planet & People

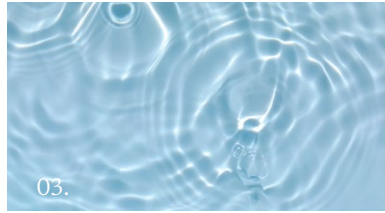

Sustainable Certifications

Minor Europe & America's hotel portfolio is certified, both in environmental impact assessment of the construction and operation of its buildings, as well as in energy efficiency systems for accommodation, services, meetings and events. These include BREEAM, LEED, DGNB, ISO 14001, Green Key, Hoteles Más Verdes, Biosphere and Bioscore.

Responsible Energy Management

We promote an efficient energy management system, defined under ISO 50001 criteria, and prioritise the use of green electricity from renewable sources in all our hotels. 85% of the company's electricity comes from renewable energy sources.

Responsible Water Management

We have implemented water-saving measures such as installing reduction devices in cisterns and innovative water recovery systems. Additionally, we support employee training and awareness initiatives, as well as the redesign of the kitchen and housekeeping operational guidelines to further promote sustainability efforts.

Reducing Single-Use Plastic

We strive to minimise the use of paper and single-use plastics, replacing them with reusable or biodegradable alternatives, when possible, to reduce waste. You'll find returnable glass bottles, biodegradable candy wrappers and pens, which are made from recycled material, in our meeting rooms. Our amenities are single-use plastic free and Eco-Label certified.

Paperless Processes & Sustainable Forest Management

We've digitised both our online check-in and check-out processes, reducing our use of paper. We also use technology to reduce the amount of notebooks we need in our meeting rooms, and we always prioritise the purchase of FSC-certified paper.

Scaling up our events in a sustainable way

AS PART OF OUR UP FOR PLANET & PEOPLE SUSTAINABILITY STRATEGY.

Up for
Planet & People

Local Gastronomy & Healthy Food

We've introducing guests to local gastronomy by providing meals based on km. 0 and seasonal products, ensuring we create a positive impact in our value chain. Healthy food is always available throughout the event.

Food Waste

The food amount is adapted to the needs of the event to avoid waste, and at most of our hotels, leftovers are carefully collected for donation to different soap kitchens we collaborate with.

Our partnership with To Good To Go is also key to combat food waste in our hotels. This initiative, currently implemented in Spain, Portugal, the Netherlands, Austria and Germany for breakfast, is being extended to other Group hotels around the world and implemented in event catering.

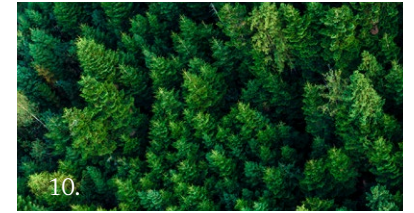

Green Mobility

To contribute to making the cities in which we are located more sustainable, we offer environmentally friendly transportation alternatives such as charging points for electric cars or bicycle rental services, and we encourage the use of public transportation.

Accessible Events

Our hotels are becoming more accessible every day, and so are our events. As a result of our commitment to guest diversity, inclusion and accessibility, most of our hotels already care for special needs. And, we continue to strive to make all of our hotels 100% accessible.

Carbon Footprint

We are committed to reducing carbon emissions for all our events. We calculate and offset the carbon footprint of major hotel events, which, due to attendance, have a greater impact on guests and society.
