👉 ISLAND ESCAPE

Close the year in style at Vela Private Island in the Maldives. Starting December 20th, the resort is celebrating its fifth anniversary with a slew of events including a special water projection laser show at the anniversary party, live music (that features a jazz band and cellist). The spa and day-time activities complement the hedonistic nights. With only 47 villas on the island, bookings are expected to fill quickly. (www.velaprivateisland.com)

👇 FARM TO TABLE

Home to one of the capital's most beloved restaurants, New Delhi's Hyatt Regency is an institution in itself. La Piazza, the hotel's Italian restaurant has its own farm where ingredients like oyster mushrooms, Swiss chard, curly kale and watercress are grown and used. Under the watchful tutelage of chefs Ivan and Alessandro, the vegetables are chopped and cooked to become essential parts of the eatery's signature dishes. (www.delhi.regency.hyatt.com)

👉 HISTORIC GETAWAY

A getaway to Sri Lanka requires a hotel that's centrally located, but self-contained. Anantara Kalutara Resort, which is located an hour away from Colombo's airport is the kind of oasis which can be fully booked out for a destination wedding or used to explore Sri Lanka's history - like famed architect Geoffrey Bawa's stunning buildings (incidentally the hotel was designed by the architect).
